Pearl of Power

DDAL07-05 Whispers in the Dark

This bright yellow pearl is set in a ring of black iron and glows with a warm yellow light. The ring has been fashioned in the shape of a giant serpent that twists around the wearer's finger with the pearl clutched in its mouth. While attuned the wearer's dreams are consumed by a pair of yellow, serpentine eyes.

Wondrous Item, uncommon (requires attunement by a spellcaster)
